

**Cultural Diversity (one course) – courses Spring 2010 only:**

Many, if not most, courses that count for the cultural diversity requirement may also satisfy a distribution requirement.

NOTE: a number of new courses may not yet have been approved officially as satisfying the requirement. That they are not listed here does not mean they will not satisfy the requirement. Remember the principle: courses that deal primarily with societies or cultures other than the predominant cultures of the US or Europe.
